2018 New Jersey History & Historic Preservation Conference

**Opening Reception
Hamilton Club
Paterson
June 7, 2018**

The Hamilton Club first opened in 1897 as an exclusive gentlemen's club. In 1902, the impressive Neo-Italian Renaissance building was destroyed by the Great Paterson Fire, but the club was rebuilt and reopened to members the following year.

With its marble vestibule, grand staircases, solid oak wainscoting, columns, hand carved mantels, and spacious rooms, the Hamilton Club is an appropriate setting for the college's collection of 19th and early 20th century paintings, prints, decorative arts, and sculptures. The Hamilton Club Art Collection, 26 art works acquired with the building, and the Studio Collection of Paterson sculptor Gaetano Federici (1880–1964), a gift of The Nicholas Martini Foundation, are on permanent exhibition.

Founded in 1978, Preservation New Jersey advocates for and promotes historic preservation as a sustainable strategy to protect and enhance the vitality and heritage of New Jersey's richly diverse communities. PNJ is a statewide member-supported non-profit historic preservation organization.
